WHAT IS COACHING?

Coaching is unlocking a person's potential to maximize their own performance. It is helping them to **learn** rather than teaching them.

How can you begin coaching today?

- “Okay, that makes sense.”

Level 3

Empathic & Whole Body Listening

- Engages with the feelings, values, stories, and facts
- Attention focused toward the other
- Suspend own agenda
- “It sounds to me like [paraphrase facts and feelings]”

R(eality)

Assess give feedback & perspective

How would you rank your priorities?

(If your perspective is welcome, consider feedback on skills / accomplishments, reputation, strengths & weaknesses)

O(ptions)

Feedback and how to say it

SBI FORMULA FOR FEEDBACK

Situation - Describe the situation

Behavior - The behavior (what they did)

Impact - And the impact of that behavior, then **discuss and clarify, create options, agree on next steps**

————— **Tip:**

Link the impact to something they care about,
e.g. critical business goal,
personal development goal, etc.

SBI FORMULA FOR FEEDBACK

		Situation	Behavior	Impact
Motivational	A	In the coffee shop this morning,	You went above and beyond to accommodate a customer with special needs.	The customer later contacted management to show appreciation for how supported they felt.
	B	When the store got busy during the rush hour,	You didn't perform or delegate out our important cleaning protocol.	This puts our customers and staff at risk.

SUMMARY

- 1 Mindset for giving feedback: It is **always positive** because it shows you care about their success.
- 2 Try using the steps - **preparation is key**.
- 3 **Be yourself** - authentic and honest.
- 4 Adapt the conversation to your style and to **your direct report's style**.
- 5 Share more **positive/motivational feedback** than developmental (5 to 1).
